Allowable Subject Matter

Claims 1-4 and 6-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Appellant's Appeal Brief was persuasive in overcoming the grounds of rejection. In particular the argument that none of the prior art of record or any obvious combination thereof discloses comparing each resource of the set of resources with a maximum size limit to identify a subset of the resources wherein each resource of the subset is smaller than said size limit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
